Hydrobiologia

The International Journal of Aquatic Sciences

Volume 523, 15 July 2004

A simple and highly reproducible technique to extract the $^{14}CO_2$ resulting from respiration of ^{14}C-labeled seawater samples
C. Tamburini, M. Tedetti 1–7

A new species of *Dactylopusioides* (Copepoda: Harpacticoida: Thalestridae) infesting a brown alga, *Dictyota dichotoma* in Japan
T. Shimono, N. Iwasaki, H. Kawai 9–15

The recovery of benthic invertebrate communities following dewatering in two braided rivers
R.T. Fowler 17–28

The behaviour of juvenile horseshoe crabs, *Tachypleus tridentatus* (Xiphosura), on a nursery beach at Shui Hau Wan, Hong Kong
H.M.C. Chiu, B. Morton 29–35

Response of benthic invertebrates to disturbance from stream restoration: the importance of bryophytes
K. Korsu 37–45

Behavior of four species of fiddler crabs, genus *Uca*, in southeast Sulawesi, Indonesia
J.S. Weis, P. Weis 47–58

Limnology of crater lakes in Los Tuxtlas, Mexico
G. Vázquez, M.E. Favila, R. Madrigal, C.M. del Olmo, A. Baltanás, M.A. Bravo 59–70

Bloom of picocyanobacteria in the Venice lagoon during summer–autumn 2001: ecological sequences
P.Yu. Sorokin, Yu.I. Sorokin, R. Boscolo, O. Giovanardi 71–85

A proposed framework for the identification of habitat utilisation patterns of macrophytes in River Po catchment basin lakes (Italy)
A. Ludovisi, P. Pandolfi, M.I. Taticchi 87–101

Testate amoeba (Rhizopoda) diversity in plankton of the Upper Paraná River floodplain, Brazil
L.F.M. Velho, L.M. Bini, F.A. Lansac-Tôha 103–111

Macroinvertebrate responses to algal and bacterial manipulations in streams
R.L. Fuller, B.P. Kennedy, C. Nielsen 113–126

Upper and lower temperature tolerances of juvenile freshwater game-fish species exposed to 32 days of cycling temperatures
R.J. Currie, W.A. Bennett, T.L. Beitinger, D.S. Cherry 127–136

Effects of short-term climatic variations on fluctuating asymmetry levels in *Chironomus riparius* larvae at a polluted site
M.J. Servia, F. Cobo, M.A. González 137–147

Decline of common smelt (*Retropinna retropinna*) in turbid, eutrophic lakes in the North Island of New Zealand
D.K. Rowe, A. Taumoepeau 149–158

Distributional patterns of Chacoan water bugs (Heteroptera: Belostomatidae, Corixidae, Micronectidae and Gerridae)
J.J. Morrone, S.A. Mazzucconi, A.O. Bachmann 159–173

Salinity effects on survival, growth and morphometry of four Egyptian *Artemia* populations (International Study on *Artemia*. LXVII)
N. El-Bermawi, A.D. Baxevanis, T.J. Abatzopoulos, G. Van Stappen, P. Sorgeloos 175–188

Inorganic nutrient concentrations and chlorophyll in the euphotic zone of Lake Tanganyika
F.M.M. Chale 189–197

Intra-annual variation in benthic organic matter in a saline, semi-arid stream of southeast Spain (Chicamo Stream)
M.R. Vidal-Abarca, M.L. Suárez, R. Gómez, C. Guerrero, M.M. Sánchez-Montoya, J. Velasco 199–215

Factors influencing algae–clay aggregation
M. Guenther, R. Bozelli 217–223

Short research note

Study on the host–parasite relationship of *Parapenaeopsis stylifera* (H. Milne Edwards) (Decapoda:Penaeidae) and *Parapenaeon japonica* (Thielemann) (Isopoda:Bopyridae)
Z. Ayub, M. Ahmed 225–228

Errata

The palaeolimnological potential of diatom assemblages in floodplain lakes of the Danube Delta, Romania: a pilot study
H. Cremer, A.D. Buijse, A.F. Lotter, W. Oosterberg, M. Staras 229–235

Linkages among land-use, water quality, physical habitat conditions and lotic diatom assemblages: a multi-spatial scale assessment
Y. Pan, A. Herlihy, P. Kaufmann, J. Wigington, J. van Sickle, T. Moser 237

Book reviews 239–244
